

Journal of Communications

CONTENTS

Volume 16, Number 5, May 2021

- Dynamic Q-learning and Fuzzy CNN based Vertical Handover Decision for Integration of DSRC, mmWave 5G and LTE in Internet of Vehicles (IoV)155
Shaik Mazhar Hussain and Kamaludin Mohamad Yusof
- Injection Coding with Spectral Nulls for Even Codeword Lengths167
O. O. Ogunyanda, T. Shongwe, and T. G. Swart
- A New System for Real-time Video Surveillance in Smart Cities Based on Wireless Visual Sensor Networks and Fog Computing175
Afaf Mosaif and Said Rakrak
- Detection of the Coherent Pulse Signals with an Unknown Frequency against the Correlated Interferences ...185
Oleg V. Chernoyarov, Vladimir A. Ivanov, Kirill A. Melnikov, and Artem A. Gulmanov
- A Low-Overhead Multi-Hop Routing Protocol for D2D Communications in 5G191
Rana E. Ahmed
- Investigation of MAC Algorithms for Cross-Boundary Exchange between Wireless Sensor Networks198
Krongboon Singhanat and Kantida Pancharoen
