

Journal of Communications

CONTENTS

Volume 16, Number 10, October 2021

- Hybrid Multi-User Precoding with Manifold Discriminative Learning for Millimeter-Wave Massive MIMO Systems.....411
Xiaoping Zhou, Bin Wang, Jing Zhang, Qian Zhang, and Yang Wang
- Routing Methods for Mobile Ad-hoc Network: A Review and Comparison of Multi-criteria Approaches423
Le Anh Ngoc, Dao Manh Linh, and Vu Khanh Quy
- Resource Allocation and Joint Mode Selection for Device-to-Device Communications Using Cuckoo Search Algorithm429
Nethravathi H M and S. Akhila
- The Effect of Vegetation on the Propagation Loss of V2I Network in High Altitude and Mountainous Area...437
Dongjie Xie, Rong Guo, Huafu Li, Yanmei Jing, and Wenxue He
- Per User Based Interference Alignment for Uplink CoMP with Perfect CSI under Different Channel Models444
Amalia Eka Rakhmania, Mochammad Taufik, Aad Hariyadi, Hudiono Hudiono, and Ridho Hendra Yoga Perdana
- Enhanced Error Reduction of Signal Power Loss during Electromagnetic Propagation: Architectural Composition and Learning Rate Selection450
Virginia C. Ebhota and Viranjay M. Srivastava
- Low-cost Voice Based Braille script Communication for Teaching Aid457
Shaik Asif Hussain, Shaik Javeed Hussain, Raza Hasan, and Salman Mahmood
